SELF CARE

What can we learn from Dory(Finding Nemo)? It's not what happens to you, it's your attitude about what happens to you! Humor or laughter is a critical resource. It lowers BP, reduces stress hormones, improves alertness, creativity, and memory. Do your best to take care of yourself!

We Challenge you to 21 days of gratitude!! TRAIN YOUR BRAIN to be more positive!!

Remembering our Mothers

Jennifer remembers her mother Hazel. My mom has been gone since 1994. I still miss her!

What is your favorite time you remember with your mom? *My mom and I took a surprise weekend trip to see her little sister (my aunt) in Savannah, it was so much fun surprising Aunt Kay we made wonderful memories in December and she died early February!*

What was your "big" argument – that turned out ok? *When I was about 16 my mom sewed me a dress and used 2 different materials – I didn't like it at all at first but it turned out to be one of my favorites that she made me! I got so many compliments on that dress. I kept it long after I outgrew it!*

Make Your Mark!!! Older Americans Month highlights contributions of your time, your talents and your experiences that you have given to your community. Think about the stories that make up your life. Which ones would you share? What is your hidden talent? What are you most proud of? Take a few minutes to think about it – journal it, tell it to me or email it.
